Keep Living Home Plus *Raising the Standard in Senior Care*

At **Keep Living Home Plus** we are committed to offering a uniqueness beyond the standard of care. Some people wake up and enjoy coffee and the paper at the kitchen table, while others enjoy fresh air and watching the world wake up. When you are cared for like you're family, your preferences matter.

Family BBQ's and sports watch parties on the back deck bring friendships, laughter, good food, and friendly wagers.

Feels just like home.

Keep Living Home Plus are homes nestled in a well established neighborhood with large trees, open yards, and friendly neighbors. The neighbor to the north of us brings fresh tomatoes and loves to share his stories. The feeling of being at home for everyone is the first priority of our team.

Our thoughtfully designed open floor plan creates a warm, inclusive environment where residents can easily connect with one another and locate staff with ease. The **heart** of the home is our open kitchen. It welcomes everyone to enjoy a fresh-baked cookie or a crisp piece of fruit, just like home.. As delicious, home-cooked meals are prepared, the comforting aroma of familiar favorites drifts through the air, sparking memories, creating conversation, and making every day feel like home.

Our state-of-the-art circadian lighting system is designed to do more than brighten a room—it helps regulate healthy sleep patterns, reduce sundowning symptoms, and naturally lift mood and energy throughout the day.

Life at **Keep Living Home Plus** is full of engaging opportunities from morning to evening. To keep life exciting, we also plan weekly excursions inspired by the interests of our residents, whether it's visiting a favorite local café, exploring a nearby park, or attending community events.
